The most frequently used tools can be stored without using a hook, and tools can be removed from the stand easily. Comes in a movable model (5 pockets) and a fixed model (16 pockets).

CLEAN BOX CBX-01

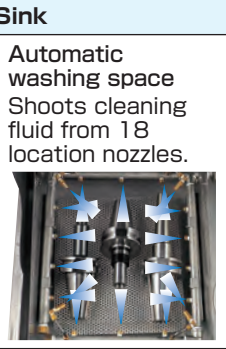

1

Top cover
The upper cover of the washing unit can be opened and closed with one hand. Comes with an automatic stop function for the washing shower.

3

Sink
Automatic washing space
Shoots cleaning fluid from 18 location nozzles.

2

Outer sink cover
Prevents splashing of the washing cleaner.

4

Hand nozzle
Heavy dirt can be washed off by hand. The hand washing nozzle provides easy operation with free positioning and removal.

5

Timer
Operation can be stopped automatically using the clock timer. (The time can be set arbitrarily, up to 12 min.)

7

Filter
Can be changed easily when it becomes dirty.

Hand washing space
Heavy dirt can be washed off using the hand nozzle. Presoaking is also possible.

Tank
65 liter tank
Comes with built-in heater (3kW) standard. The use of heated cleaning fluid (40° C) increases the cleaning power and makes cleaning easy even in the winter.
